

RENEWALS AND REFUND POLICIES

The **i2ACT-800** is a dynamic software product, receiving regular updates based on changes to cybersecurity standards and the addition of new features. Therefore, **i2ACT-800** is sold as an annual subscription. All active subscribers receive updates free of charge.

Renewals: Renewals occur one full year from the date of purchase of a **i2ACT-800** product. Renewals are one-year subscriptions and are offered at discounted prices.

Keeping your **i2ACT-800** continuously activated after your initial compliance assessment and remediation will help ensure the highest level of cybersecurity compliance for your company and you will be ready for any subsequent audits with very little additional preparation. You will also be guaranteed that you are assessing against the most current regulations and requirements since the software is continually updated. Renewals protect your initial investment and continue to provide cost savings for years to come.

Renewal Pricing: Imprimis offers substantial renewal discounts for Buyers who continuously use the **i2ACT-800** software. All license renewals will be priced at 50% of the original purchase price. Buyers will be notified of an upcoming renewal date via email forty-five (45) days prior to the expiration date.

Refunds: Imprimis does not offer refunds after the initial purchase of the software or renewal. Imprimis does not offer refunds for unused seats that have been purchased.
